The Honorable Edward F. Murray, III  
Secretary of State  
2020 Carey Avenue, Suite 600  
Cheyenne WY 82002-0020

Dear Secretary Murray:

We applaud your decision to decline to share Wyoming voter information in any form with the Presidential Advisory Commission on Election Integrity. We believe your decision accords with Wyoming statutes and supports voters' desire for privacy and their alarm at overreaching federal intrusion into states' responsibilities.

We also believe your decision encourages people's trust that their election officials will continue to protect their privacy and ensure ballot secrecy. We hope your action will encourage voter registration and voter turn-out on Election Day. We have faith in Wyoming's election process. Thank you for protecting voters.

Sincerely,

Susan M. Simpson, President  
League of Women Voters of Wyoming
